

CARDINAL

THE 1967 CARDINAL ANNUAL

THE FIFTY-FOURTH YEARBOOK
PUBLISHED BY STUDENTS OF
SOUTH DIVISION HIGH SCHOOL
MILWAUKEE, WISCONSIN

What is happiness? Happiness means different things to different people. To the faculty it may be willing students who stay after school to participate in extra-curricular activities. Seniors may look upon happiness as accepting new responsibilities and making plans for college. To the juniors happiness is getting class rings, symbols that they are now upper-classmen, and being on the court of honor for the prom. Happiness to the sopho-

mores is joining a new club and being elected to the Student Council. Experiencing the excitement of the first day of high school and meeting new friends is the freshman's definition of happiness while Cardinal athletes think of it as a victory sweep. Happiness may mean different things to different people. Yet, there is one thing all loyal South Siders agree upon—Happiness is South Division High School.

We Pay Tribute To A Leader

MR. ALEXANDER E. MORSTAD

For your thirty-nine years of service and loyalty to South Division High School . . .

We the students gratefully and proudly dedicate our 1967 Cardinal Annual, the fifty-fourth yearbook of the school to you.

We are thankful for your leadership in so many of our activities and sports and for building up in each of us a great admiration for the many fine traditions of the oldest high school in the city.

This loyalty, this shoulder-to-shoulder spirit, which prompted you to say, "They can take me out of South Division, but they cannot take South Division out of me," has become so infectious that it is now the ideal of the thousands of graduates that you sent on their way to adulthood.

We hope you will continue to have fond memories of South Division, and we wish you happiness and contentment in your retirement.

WALKER JUNIOR HIGH SCHOOL

Do you recall those happy days . . .

with balloons bursting and spirits popping when the honor students went on a gala field trip to the Chicago Planetarium and Aquarium?

of the Science Fair when you felt sure your wooden model of an engine would win a blue ribbon?

and how silly you felt on Dress-up Day and what fun you had at the dance in the gym? No gym that day!

when you escorted parents at Open House and then ran around the halls to meet your pals and when you served on the committee to select movies for lunch hour?

Yes, fond memories linger long.

Joys of Junior High Days Bring Fond Memories

KOSCIUSZKO JUNIOR HIGH SCHOOL

Do you recall those happy days . . .

when being an office monitor gave you a feeling of importance as you did filing, contacted teachers, and acted as one of the "in" group?

during the second semester when interest in club elections was running high, and you took the leap to put your best buddy in office?

of walking past the huge honor plaque in the main hall to see whether your name or that of your favorite classmate was there?

in Math club when mastering the main scales of the slide rule made you feel that you might be a second Einstein?

Hurrah for the good old days!

Familiar Haunts in the Shadow of South's Stately Dome

1 Mitchell Street Shopping District—Christmas shopping A.W.O.L. on Mitchell Street causes hearts to skip a beat.

2 South Stadium—In the dead of winter, memories of Cardinal victories bring smiles and cheers.

3 Kosciuszko Park—On the walk home through beautiful Kosciuszko Park, romance is everywhere.

4 Mitchell Park Conservatory—"A thing of beauty is a joy forever" at lovely Mitchell Park Conservatory.

5 Forest Home Library—Pleasures in reading are enhanced by the modern decor of the newly-opened Forest Home Library, right at our back door.

Mixing shaving preparations and medicated ointments, climbing fiber glass poles, doing the lame-dog, studying the art of art, correcting theme folders, painting pictures, constructing furniture, and

disecting worms—all are a part of classroom work. Whatever the job, today's students are active and curious, and their life at school is exciting and interesting. It is they who will create the future.

Good-bye Classroom Doldrums
When 'Go-go Crowd' Steps in

Principal Robert S. Brandel

Happiness is defined as a feeling of contentment coming from being or doing well or of satisfaction at having got what one wanted. This definition leaves much to be explained. What are the things that give us satisfaction? Do you get satisfaction from helping or hurting others? Do your wants include the material no matter how they are obtained? Fortunately, happiness is all around us. The smile of a friend, the acceptance by our fellows,

the warmth of our family associations, the inspiration of our religious beliefs, the satisfaction of a job well done or the opportunity to lend a helping hand to those less fortunate than ourselves are just a few of the measures of true happiness. There are those, particularly the young, who believe that "things" create happiness. As we grow older, we see that physical possessions contribute relatively little to a really happy personality.

Vice-Principal
Mr. Phill T. May

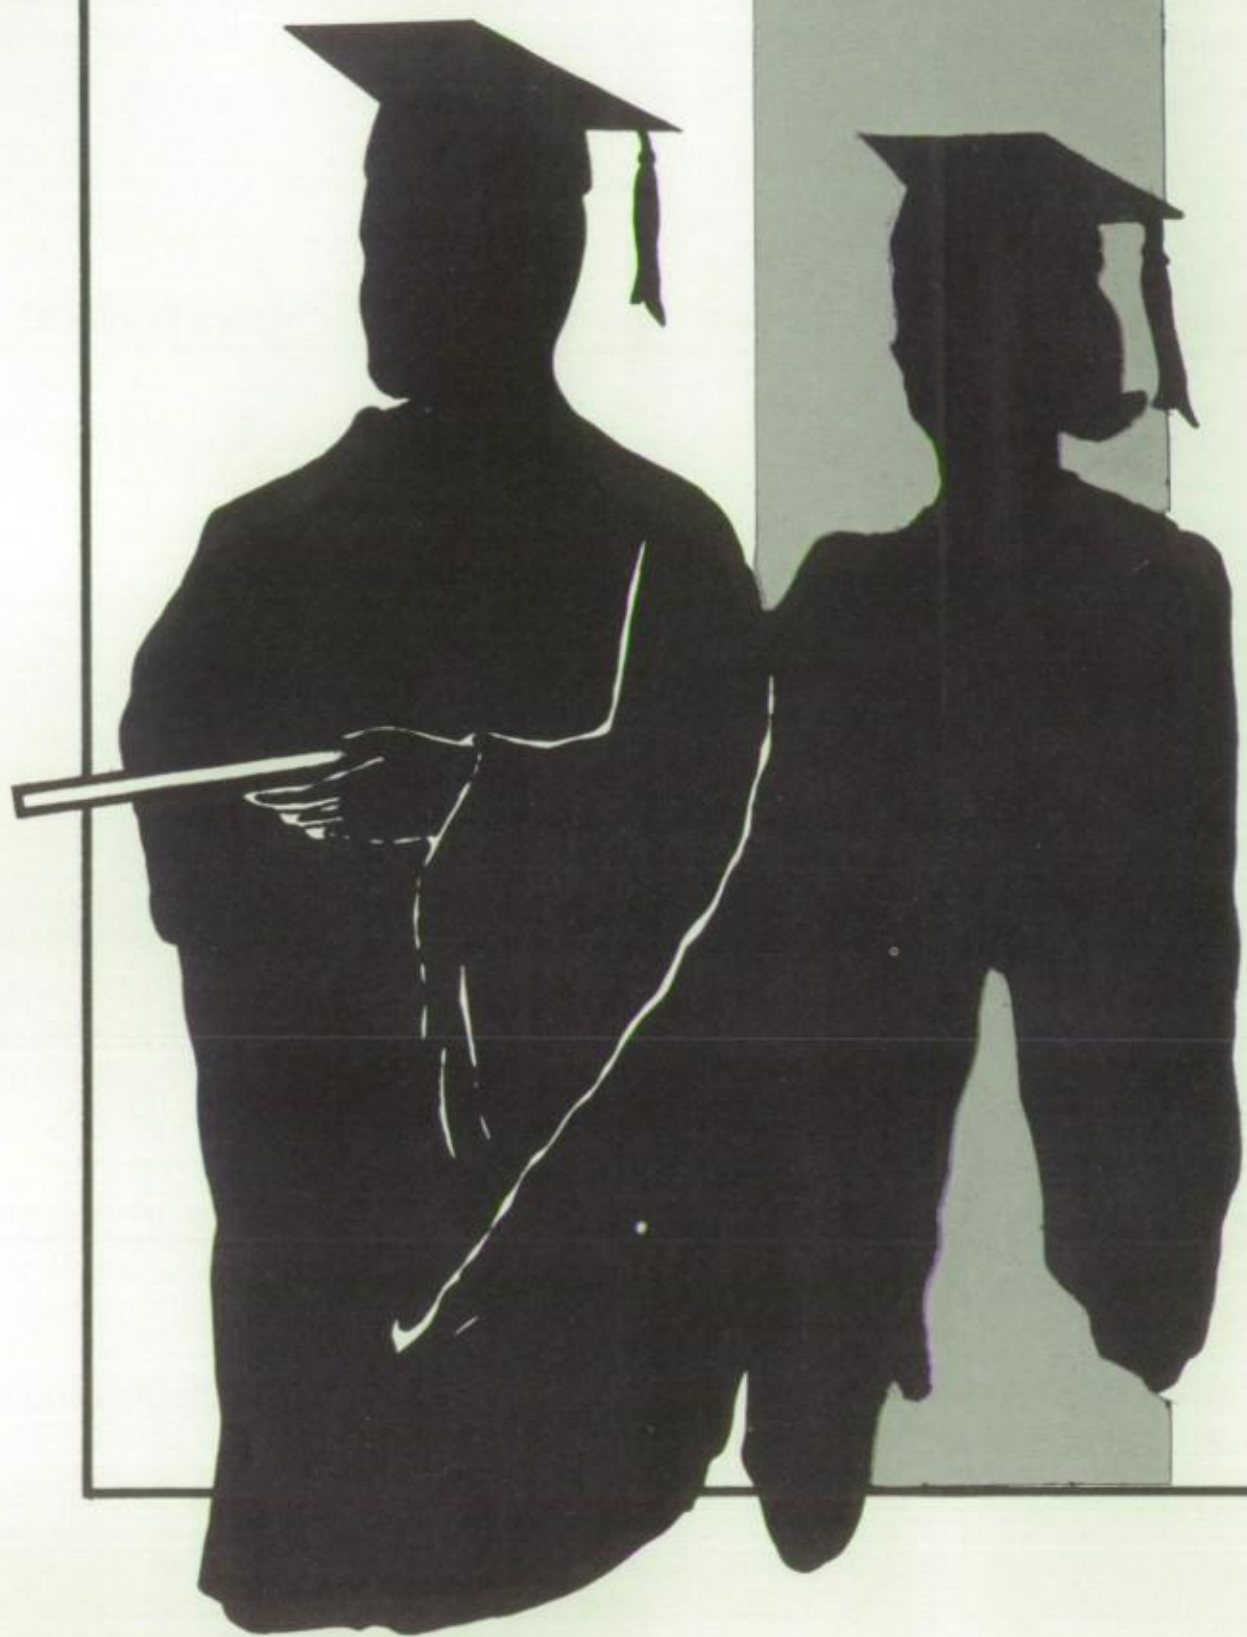

In a teaching career, happiness is—the rewarding experience of helping youth to cherish the eternal truths, to appreciate past culture, to understand present social change, and to explore the ever-expanding future frontiers of knowledge. Indeed, taking genuine interest in pupils, guiding them in solving their problems, sharing their joys of achievement, and challenging them to their greatest accomplishments, all echo merrily through the corridors of teacher memories.

Teachers, themselves, enjoy a unique combination of work and pleasure through vacation travel, graduate study, professional committees, and everyday dynamic alertness to educational growth. Certainly theirs is the great responsibility to radiate by enthusiasm and fine example, cheerfulness of spirit in loyal service to our neighbors, to our country, and to God.

With a hard core of 7 lettermen returning, South's warriors looked forward to a prosperous season. All expectations came true as they finished with a 3-5 record. As usual the Cardinals were a hard-hitting team that in the words of Coach Bartholomew, "Never once quit trying on the field". Defensively, the Cards were not strong, but a tremendous offensive effort in the latter half of the season overshadowed this flaw. The highlight of the year was the last game, which they won against North, to establish a 2-game winning streak. On Athletic Honor Day, 26 majors and 5 trophies were awarded. The most valuable back honor was shared by James Salmon and Terry Reed. The most improved player award went to John Kowalski. Senior Dan Schmidt, who captured All-City Honors on the *Milwaukee Journal* first team, was awarded 3 trophies: most valuable lineman, the John Schram Memorial Defensive trophy, and the coveted Gold Star Memorial trophy. Next year Coaches William Bartholomew and Richard Ricco believe the Cardinals can continue their surge upward in the city standing and end up with a .500 or better record. Paving the way for next season's squad, the '66 warriors played by the philosophy, "A winner never quits and a quitter never wins."

Coach Richard Taylor's first South tennis team finished with a 21-27 win-loss record last year; good for eighth place in the city conference. This was a notable improvement over the preceding year's eleventh place finish. Highlights for the season included 4-0 victories over King and West, and 3-1 victories over North and Lincoln. The individual highlight was senior Gary Frank's fifth place in the city tournament. On athletic honor day Coach Taylor awarded the captain's star to Gary Frank and the Carl Bechtold tennis award to Greg Weber.

The outlook for this year is even more promising. There are 31 candidates for the team, including four returning lettermen: Fred Poulos, Greg Weber, Loren Czarapata, and John Andrews. These four, along with first-year-man Scott Davis, will attempt to better the 1966 record.

First Gymnastic Team Debuts in City Meets

2

For the first time in Cardinal history, mothball-laden equipment such as parallel bars and rings have been extracted from the depths of long-forgotten storage rooms and put to use. The reason — gymnastics! Despite the handicaps of practice hours, the team managed to participate in two varsity meets. One of these meets was held at Juneau on February 17, and the other at Custer High School in March. Terry Romeis' vault over the long horse was good for a first place. Keith Klima placed third in side-horse support exercises. In the parallel bars, Cards were represented by Wayne Grady, James Fuerst, Romeis, and Joe Kube. In the tumbling and free floor exercises, gymnast Kurt Kuehl, the only Card delegate to exhibit a routine, placed second. In the final event, the horizontal bar, only Grady managed to salvage a second place and the last of the team's 33 points.

- 6 **ROYALTY IN BLOOM**-After Queen Anna received her red roses, she and King David shared the admiring glances of their court as they passed by.

With the swing and sway rhythm of the Gamblers' rolling music, Homecoming festivities got under way. Highlighting the evening's entertainment was the crowning of King David Ley and Queen Anna Korpi by Principal Robert Brandel and their reception of congratulations by the court of honor and many other well-wishers. To start the week-end of fun on Saturday morning students rode in a procession of gaily decorated automobiles to South stadium which was ablaze with red and white costumes, flags, and shakeroos. During the half with the Red Cats piling up the score against South, Mr. Edward Kalupa, athletic director, cheered the crowd by introducing Queen Anna and presenting her with a large bouquet of red roses. Also introduced were princesses of the court and their escorts. The final score was a heartbreaking one, but the joy of meeting old friends at the dance turned groans and tears to smiles and fun.
